---

Hello ma'am,

Thank you for reaching out to me about your conference. I met a couple of Bakersfield PD intelligence folks at a class I taught on intelligence last year in Dublin for CNOA. They seemed really eager and passionate.

Of interest to analysts: I've previously spoken at the IALEIA/LEIU and IACA annual conferences, a regional fusion center director's meeting, etc. I typically speak on open source intelligence at an intermediate level, criminal intelligence (intelligence cycle, disciplines, etc.), operations security, and/or information sharing (silobreaking), and have content ranging from 1 to 8 hours in length as needed. I've attached my POST resume, bio, and OSINT course outline for you to take a look at.

If any of those topics sounds promising and suitable for your event this year, please reach out to Josh Money of Instruq and we can make arrangements. Josh handles my conference booking. He can be reached at info@instruq.co. Instruq also has on-demand classes available to view online, in case you would like to sample my presentation style. I look forward to hearing from you and wish you and CCIAA all the best!
